## THISEN SIAMTU, IRON PAI HNEM CHAW | HA TE

Dawldang, sam tla, chau ngawih ngawi leh lu-na te hi kan taksain iron a tlakchham avanga symptoms langchhuak thei thenkhat an ni. Iron kan tlakchham hian taksa hriselna kawngah harsatna chi hrang hrang kan tawh phah thei a, chutianga harsatna kan tawh loh nana ei leh in a\anga iron kan lak luh theihna tur a chaw tha ni a Times of India health section-in a tarlan te kan rawn chhawp chhuak e.

Hmeichhe puitlingin nikhatah iron 19 - 50:18mg leh mipa puitlingin 19:8 mg kan mamawh niin mithiam ten an sawi.

1. Sa thin: Sathin (liver)-ah iron a tam hle a, sa ei mi tan chuan haemoglobin level tihsan theihna \ha tak a ni. Ar thin gram 100-ah hian iron 9 mg awm anga chhut. Bawng thin-ah hian calorie a tlem a, iron a pai hnem a, a tha hle bawk.

2. Lui lam sa: Sangha thau te hian Omega 3 fatty acids an pai mai bakah iron pawh an pai hnem hle. A bikin sardines, mackerel leh Indian Salmon ten sangha rau rauah pawh iron an pai hnem lehzual.

3. Bawngsa: Sa tisen (red meat) hian thisen a siam chak

a, mahse, a thau tel lo a ei tur a ni. Bawngsa hian iron a pai hnem a, bawngsa gram 85-ah iron 2.1mg awm anga chhut a ni.

4. Arsa: Arsa-ah pawh a awm ti tha laiin iron a pai hnem hle a, arsa gram 100-ah 0.7mg iron awm angin an chhut. Sa ei mi tan chuan a thling, a thin leh sa tisen te hi haemoglobin siamtu tha tak a ni.

5. Maimu: Maimu (pumkin seeds) gram 100-ah iron 15mg awm anga chhut a ni a, chu chu mi pakhatin nikhat iron a mamawh 83% vel a ni. Maimu hi Omega 3 fattyu acids a pai hnem bawk a, cholesterol tihnniam nan a tha hle bawk.

6. Brown rice: Brown rice hi rihna tihnniam duh leh cholesterol tihnniam nan bakah chaw Pai\awih lama harsatna

nei te tan a tha hle a, iron a  
pai hnem viau bawk.

7. Whole grain: Whole grains hi digestion atan a tha a, rihna tihnniam nan leh cholesterol tihnniam nan a tha bawk. Iron a pai hnem a, chuvangin heng whole grain-wheat, quinoa, oats leh barley te hi thisen siamtu tha tak an ni.

8. Dark chocolate: Chocolate dum chi, rawng tak hlar mai, thildang pawlh vak loh hian iron a pai hnem hle. Dark chocolate gram 100-ah iron 17mg lai awm ang a chhut a ni.

9. Lentils: Lentils gram 100-ah iron 7.5mg awm anga chhut a ni. Iron bakah lentils hian magnesium leh vitamin B6 te pawh a pai hnem hle. Lentils gram 100-ah dietary fibre grams 30 vel awm anga chhut a, cholesterol a pai miah lo bawk.

10. Dried fruits: Theirah tihro ang chi ho hian iron an pai hnem hle. Dried fruits hian iron bakah vitamins leh fibre te pawh an pai hnem.

11. Strawberries: Theihmu lam chi ho hi thisen siamtu tha tak an ni. Iron an pai hnem bakah vitamin C an paihnem bawk.

12. Alu: Alu pawhin iron leh vitamin C a pai hnem a, vegetarians tan chuan iron lakluhnha tha ber pawl a ni.

13. Spinach: Spinach hian iron pai hnem hle a, gram 100-ah iron gram 2.7 awm anga chhut a ni. Iron bakah vitamin A leh C leh magnesium a pai tel bawk.

14. Tofu: Tofu pawh thisen siamtu tha tak a ni, tofu gram 100-ah iron 5.4mg vel awm anga chhut a ni a, vegetarian tan chuan iron hmuhna tha ber pawl a ni.

## **THLAI LEH THEI THENKHAT ,A KAWR VEL LOH TUR TE**

Written By The Mtv Aizawl on 27/11/2017

Mi \henkhat chuan thlai leh thei thenkhat a pil/kawr (peel) kheh/vel chi ho hi vel ngei ngei tur leh natna hrik awmna leh hriselna atana tangkai lovah kan ngai hmiah mai thin. Amaherawhchu a ni hauh lo thung, tun tumah hian thlai/thei a kawr (peel) vel miah lova ei tha zawk, kan hriselna atan pawha tangkai em em leh sum kan save-na pawh ni ve thei tho kan rawn tarlang dawn a ni.

1. **APPLE :** Apple hi thei hrisel tak a ni tih kan hre theuh ang, mi tam zawk chuan a kawr (peel) khehin kan ei ngei ngei ang. Amaherawhchu, Apple kawrah hian mi thiam te chuan a tak pum pui nena khaikhina 50% a chakna pai chu a awm an ti mauh mai. Apple hrim hrim hian Vitamin A, Vitamin K leh potassium tam tak paiin kan taksa leh vun (skin) hrisel nan thei hrisel tak a ni. Tin, a kawr (peel) bikah hian antioxidant chi khat 'quercetin' an tih hi a pai tam em em a, hei hian chuap hnathawh nasa taka puiin thawhah leh thawkna d^wt lam buaina nei tan damdawi tha tak a ni bawk.
2. **ALU (POTATO) :** Alu hi chawhmeh atana kan hman lar pawl tak chu a ni ang, mi tam zawk chuan a kawr a balh thin em avangin kan vel ngei ngei thin. Mi thiamte chuan vel kher lo vin silfai (wash) hi a tawk mai an ti a, a kawr (peel) hian, Iron, Calcium, potassium, magnesium, Vitamin B6 leh Vitamin C a pai tam em avangin a tak ei ringawt aiin a hrisel zawk an ti.
3. **CARROT :** Carrot hrim hrim pawh a hrisel tawh em em laiin a kawr leh zel pawh chaw tha tak a lo ni. Carrot kawr (peel)-ah hian heng chemical compound, anti-inflammatory, anti-bacterial leh anti-fungal te neiin Cancer natna lakah min

veng thei a, tin, vun a tihrisel-in upat vanga hmel lang upa tur a lo veng thei reng a ni.

**4. FANGHMA (CUCUMBER) :** A pil ei chi ho hi vun tan a lo hrisel tlangpui vek a nih hmel, a bikin fanghma 'hi vun (skin) tan chaw tha tak a ni leh zual, thenkhat chuan hmai chiah nan te kan hmang fo ang, make up chhah tak taka inbel ai chuan thil tha tak a nih thu mi thiam ten an sawi tlat.

A kawrah hian antioxidant chi hrang hrang awmin,

vun tinung a, timamtu atan a pawimawh hle. Tin, fibre, potassium leh Vitamin K' a pai tam em em a ni.

**5. LIMBU (LEMON) :** Limbu kawrah hian Vitamin 'A, Vitamin C, Magne-sium, potassium, Calcium leh folate a tam em em a, hengte hian hnute cancer leh vun cancer tur vengin, ruh tichaktu atan an tha hle a, tin, a kawr (peel) tui luma chhuan so tui in hi thisen sang tih hniam nan a tha hle bawk.

## ZU

Dr. Lianhlupuii (Puitei)

ZOFATEN Zu kan tih mai Alcohol hi mihring tan damdawi lama a \hatna a tlem teh lul nen, taksa leh thluak lam a khawih pawi theih em avangin fimkhur a \ul a. "Beer te chu Zu a ni hlei nem," kan han tithla ngawt mai \hin hi a dik lo a ni.
