Zokhaw mite tana First Aid hriat turte

– Dr. Malsawma

Kan thupui, ‘Zokhaw mite tana First Aid hriat turte’ tih hian huam zau hle mai a, kimchang taka sawi a har viau dawn a ni. A theih chin chinah Zokhaw mite tana \angkai tur nia ngaih te tarlan lo turn ila a \ha ang e.

First Aid awmzia chu rikrum thila hliam tuar emaw taksaa harsatna tawkte \anpuina pek tiin a sawi fiah theih awm e. Miin hliam a lo tuarin damdawi ina enkawl a lo \ul a, mahse thawklekhatah damdawi in emaw, damdawi lam thiam te emaw panpui mai a remchang lo fo \hin a. Chuti ang huna theih ang anga damlo hliam tuar lo sawngbawla lo enkawl hi First Aid chu a ni ber a. Mi pakhat aia tam hnena \um khata First Aid pek a ngaih chang a awm \hin a, entir nan Motor chetsualna hmunah te. Heti ang nikhuaah hian hliam tuar zinga han en a na ber nia lang kha buaipui hmasak ber tur a ni, Enkawl hmasak ber tur hriat loh avanga khawtlai palh a awm theih avangin a hliam na ber nia lang kha buaipui nghal vat tur a ni.

Hliam tuar kan buaipui dawn hian rilru chiae loh hram hram a \ha a. Pawng-paw chiae luat avanga hliam tuarte’n an chhiatphah hi pumpelh hram hram \hin tur a ni. First Aid kan pek dawn hian a hming ang ngei hian a \ul zual chauh tih \hin tur a ni a, mahni hriat phak baka kalpui hi a fel lo thei hle tih hriatreng tur a ni. First Aid hmanrua dahna bik First Aid Box kan neih chuan uluk taka vawn tur a ni a, a chhunga hmanrua leh damdawi chi hrang hrang te chu a hmanna kan hre chiang tur a ni a, mahni rinthuin hman tur a ni lo. Mizoram hmuntinah damdawi thiam pan hi First Aid zingah chhiar tel theih ni tih hriatreng a pawimawh hle a ni.

Rikrum thila thil \ha lo thleng thei leh a enkawl dan tlangpui te hetianghian lo sawi ila:

1. Thisen chhuak: Kan nunna hnar ber chu thisen hi a ni a, a uihawm em em a ni. Chuvangin taksa a\anga thisen chhuak hi a rang thei ang berin dan emaw tihtawp vat tur a ni. Engvang pawhin taksa a\angin thisen a chhuak a nih chuan a tihtawp dan zawn tur a ni. Taksa a\anga hmuh theiha thisen a chhuah chhan chu hliam emaw a ni deuh ber a. Hliam chu a lian emaw a te emaw lapaw thienghlim emaw pawnchhe fai emaw in hup beh a, thisen chhuak vak tihtawp turin nembeh tur a ni a, a remchan dan angin \awn beh tur a ni. Kut leh ke hmawrah thisen a chhuah chuan banpuamah emaw, malpuiah emaw a remchan dan angin puan fai deuhin emaw, pawhfan illo emaw in hren khalh a \ha a, mahse hren rei lutuk chu a \ha lo a ni. Thisen chhuahna hliam hmuamhma hup pin tlat hi a pawimawh khawp mai.

Kut leh ke hmawr lama thisen a chhuah chuan damlo chu mut zangthal tir a, a hliam lai chu a lung aia sangah dah tur a ni a, chumi awmzia chu hliam lai chu ^wm aia sangah dah tur tihna a

ni. Hetianga thisen chhuak hi a lo ziaawm veleh damdawi in lam panpui nghal vat tur a ni a. Damdawi in awmna a hla a nih chuan mi thiam zawkte hnenah tal kalpui hma tur a ni.

Taksa a\ang hian hmuh theih lohin thisen nasa takin a chhuak thei a, entir nan pumpui p^n leh t^i (piles) hrisel lo a\ang tein. Pumpui a\anga thisen put chuan ek a tidum \hin a, hei hi thawklehkhatah a lo awm thei \hin a ni. Hetiang thil a lo awm chuan damlo chu mut hahdamtir a, a rang thei ang berin doctor hnenah hruai tur a ni. T^i (piles) thi hi chu dan naranin a lar \hin a, a nat lem loh avangin ngaihthah tur a ni lo va, doctor hnen pan nghal a him ber a ni.

Hmeichhe \henkhat chu an thi neih pangngai ni lovin an thi a put \hin a, heti ang thilah hi chuan damlo chu mut hahdam tir a, damlo chu damdawi inah hruai vat tur a ni. Thi put ti tlem turin hren (pad) hmantir a ngai \hin bawk.

Pumpui \ha lo \henkhat chu thiin an luak \hin a, an chau nghal mai \hin a ni. Damlo chu mut

hahdam tir a, damdawi ina hruai vat a \ha ber a ni.

2. Hliam: Hliam tih hian a huam zau em em a. Hliam reng reng hi \ha taka a dam leh theih nan a thianghlim tur a ni a, chuvangin hliam chu a hmasa berin hliam silfaina chi (antiseptic lotion) awm ang ang, entir nan dettol ilo te'n silfai tur a ni. Chumi hnuah thisen chhuak enkawl dan kan sawi tak ang khan enkawl zui mai tur a ni.

3. Kang: Kang hi inhliamna kawng langsar tak zinga mi a ni a, \halah phei chuan a hluar hle \hin a ni. Kang hian a sat avangin vun leh tisa te a ei chhe \hin a. Taksa kang lai chu tui vawtah chiah emaw, vura deh vat a \ha a. A kang lai chu kan tihvawh ran chuan a durh har bik a ni.

4. Tui tlachham: Dam loh vang emaw, taksain kang a tawrh vang emawin taksain tui a tlachham \hin a. Kaw-\halo leh tuihri vei te, kangmei tuarte hi tui tla-chhamin an thi duh hle a ni. Taksain tui a tlakchham chuan rei lo teah a lo thi mai \hin a ni. Taksain tui a tlakchham chuan a rang thei ang berin tui pangngai

emaw, thil tuiril lampang thingpui, bai tui ilo te pek tur a ni. Tui litre khatah chi sawh khat leh chini vei khat pawlhin chawh sawm a, damlo chu intir tur a ni a, tui a tlakchham nasat dan a zirin pek tam mai tur a ni.

5. Kaih: Naupang hi an khawsik a san denchhenin an kaih \hin a. Hetianga an lo awm chuan naupang lu chu tui vawtin deh tur a ni a, a pangti lum a lo daih chuan kaih chu a lo reh mai dawn a ni.

6. Ui seh: Ui in mi a seh chuan a sehna hmuamhma kha dettol tui emaw, tuisik leh sahbawn emawin silfai tur a ni. Ui chu damdawia chiau a nih loh chuan doctor hnenah in report vat tur a ni. A sehna hmuamhma chu tuam tur a ni lo.

7. T<r ei: T<r ei/in palh theih a ni a. Hriat chhuah veleh a intu chu luaktir ni se, a t<r ei chu a luakchhuak leh thei dawn a ni. A rang thei ang berin doctor hnen panpui tur a ni.

8. Seh: Ran emaw mihringin emaw mihring an sehna hmuamhma hi bawlhhlawh a ngaih a ni a, silfai vat tur a ni.

Sehna hmuamhma chu a lian deuh a nih pawhin \hui loh tur a ni a, tuam phui pawh a \ha lo a ni.

9. Pum na: Pum kan tih mai chhungah hian taksa khawl pawimawh chi hrang hrang a awm \leuh mai a. Pum a na kan tih hian a englai ber nge tih hriat phawt a \ul a, chumi hnuah enkawl theih chauh a ni. Pum na \henkhat chu na chhawkna eia chhiatna thleng thei te an ni a, chuvangin, pumna reng reng chu damdawi thiam hnenah a hma thei ang bera hruai a him ber a ni.

10. Lu na: Lu na that pawh hi buaipui tham a tling \hin a, lu na han tih mai hian pumna kan sawi tak ang khan a chhan hre lo chuan enkawl a har em em a ni. Lu na chu tui vawta deh emaw, ruhna damdawi hnawih chi hmang emaw in eng emaw chen chu a chhawk thei a ni.

11. Ruh tliak/pelh: Inhliamna chi hrang hrang zinga langsar tak pakhat chu ruh tliak leh pelh hi a ni a. In-hliamnaa ruh lam khawih tel nia kan rin chuan damlo chu dim takin khawih tur a ni a, \ul

zualah lo chuan ruh chhe lai nia rin chu khawih chet loh tur a ni a, a che tur vengtu atan thingphek hmgan emaw \hem dawh a, cher khawng lailawk tur a ni.

12. Mit na: Mit hi tihpalh awlsam tak a ni a. Tihpalh vanga mit a nat chuan mi thiam hnen panpui bak chu Zokhaw lamah lo tih hmasak tur a vang duh hle a ni.

13. Benga thil lut: Beng kaw chhungah rannung te, lung t> te, thei mu leh lehkha te a lut palh \hin a. Heti ang hi lak chhuah tum ve lamah hawlchhiat palh a awl hle a. Beng chhunga ri hriatna khawl bengdar hi a chhiat chuan beng a ngawng \hin a. Chuvangin beng chhungah thil a luh palh chuan mi thiam hnen panpui vat a him ber a ni.

14. Rul chuk : Rul chukna hmuamhma chu chemte in zai zau belh a, thisen tlem sawr chhuah tur a ni. R<I t<rin taksa chhungaril a thlen mai loh nan a chukna hmuamhma a\anga taksa lamah hren khalh hmasain a hmuamhma chu zai belh a s^wr tur a ni. ■

NAUPANG BENGCHHET

Dr. Lalhmachhuana Hmar, MS (ENT)

Naupang kum 6 hnuai lam sang khat (1000) zinga pahnih (2) hi bengchhet nei tura ngaih an ni. Nuin an fate bengchhet nia an hriat a, doctor an rawn panpui hian an tidik deuh tlangpui a, chuvangin doctor te pawn ngaih pawimawh a, ngun taka en an \ul a ni. A chhan chu 'a lian deuh ang a, a \ha leh mai ang' kan tiha kan nghah chhung hian naupang \henkhatah chuan hun uihawm tak hlohin an bengchhet tih\hat leh theih tawh lovin an beng kan tichhet hlen thei a ni.

Naupang bengchhetna chhan hi thil pahnih vang a ni a, a hmasa zawkah chuan an beng chhunga hriatna thazam \hat loh vang (sensorineural hearing loss) a ni a, a dang lehah chuan an beng chhunga ri kal lo dangtu emaw, lo ti\huanawptu emaw (conductive hearing loss) awm vangin an beng a chhet thei a ni. Conductive hearing loss-ah hi chuan bengchhet hi a tlangpuiin a nasa vak ngai lo a, zai emaw, dam-dawi ei emawa tihdam mai theih a ni a. Sensorineural hearing loss ve thungah hi chuan bengchhet hi a nasa \hin a, zai dam a harsa em em a, damdawi phei chuan tihdam theih loh tluk a ni. A chhet nasa zualah chuan zai chi khat, cochlear implant tih

a \ul \hin a, a senso a sang em em a, phai lama zaitir te a ngai \hin. Tin, bengchhet tih leh bengngawng tih hi kan thliar hrang tur a ni.

Naute chu a ri hriatna \ha pangngai a nih chuan thla 9 an tlin a\ang hian anmahnii an au ri ve nawk nawk \hin a, hei hi an \awng an zirna hmasa ber a ni a, tichuan kum 2-3 an tlinin \awng pangngai an zir \an \hin. Amaherawhchu, naupang \awng zir muang hrim hrim chu an awm ve bawk. Chuvang chuan, naupang chu kum 2 an tlin hmain an beng a chhet leh chhet loh hriat ngei a \ha a ni. Kum 2 an tlin a, an beng a ngawng a nih chuan \awng an zir thei lo hrim hrim a, \awng thei lovah an

chhuak mai \hin. Kum 4 vel an nih hnua an bengngawng hi a dam emaw, a ziaawm a nih pawhin a tlangpuin \awng zir leh mah se, an \awng fiah tawh ngai lo a ni. Kum 2 mi an nih a, an ri hriatna a \hat tawk loh (bengchhet) hian, \awng zir mah se a fiah tawk \hin lo va, pangngai tako \awngtir tur chuan mi thiamte r^wn a, beih fe a ngai \hin.

Naupang kum 5 hnuai lama sensorineural hearing loss awm chhan hi chi li (4)-a \hen hran theih a:

- a) Inthlahchhawn vang.
 - b) Nuin nau a pai laiin (a bik takin a tir lam thla 3) natna \henkhat, heng rubella, syphilis, cytomegalovirus, toxoplasmosis leh a dangte a veiin emaw damdawi \henkhat, heng gentamycin, kanamycin, lasix leh a dangte a eiin naute chu bengngawng sain a piang thei.
 - c) Naute a pian lai vela \ap lova rei tak a awmin emaw, a pian tirha juandice a veiin emaw, naute chu hmanraw hmanga lak chhuah a nihin (instruments birth injury) emaw bengchhet an nei thei.
 - d) Naupan laia thluaka khawsik lut (meningitis) emaw, sentut emaw, biangboh emaw a veiin a beng a chhet thei bawk.
- Engtin nge nuin a naute chu a bengchhet leh chhet loh a hriat theih ang le? A hnuai mi ang hian nuin a naute chu a lo enchhinin a lo thlithlai ve thei a ni.
- a) Naute thla 0–4 inkaran: Ri ring deuh a awm a, naute a phut zawk chuan (startle reflex). Tin, naute muhil lai chu ri ring deuh a awm a, a tihharin (around reflex).
 - b) Naute thla 2–4 inkaran: A chunga mi ang khi hemi inkar nauteah chuan a let thawkin a thawk \hin a, naute chuan ri ring deuh a hriatin a thil tih lai zawng zawng chawlin a ngaithla ve \hin a, a ri lo chhuahna lampang a zawng ve \hin.
 - c) Naupang kum 2-3 inkaran: Hemi inkaran chuan nau-pang chu thil chi hrang hrang ti turin a hrilh theih tawh a, entir nan, ball pet rawh emaw, ball la rawh emaw tiin thupek zawm

turin an zirtir theih tawh a ni. Kum 3 hnuah phei chuan naupang chu an beng chhet leh chhet loh awlsam tein a hriat theih tawh \hin a ni.

Naupang chu in-thlahchhawn chi natna an vein bengchhet an nei tel duh hle \hin. Entirna pakhat chu Down's syndrome hi a ni. Tin, hmai bawr vel pian dik lo (maxillo-facial deformity)-ah te hian beng-chhet a awm tel duh em em a, an bengkua te a phui vek theiin an beng kawrawng kuate a zim hle \hin bawk a ni.

Naute an pian tirha an ri hriatna \ha; mahse, an lo len deuh hnuah bengchhet awm theih a ni a, a chhan bulpui ber pakhat chu bengkherh vang a ni. Bengkherh han tih hian chi hrang hrang a awm thei a, hnai chhuak \hin te, bengdar pawp kher lova beng chhunga tui awm vang te a ni thei. MEI ZUKIN KAN TAKSA PENG HRANG HRANG A TIHCHHIAT DAN

Dr. C. Biakmawia

Mei zuk lo hluarna chhan ber nia lang chu advertisement uar, a rimbui nana damdawi dang telh \hin leh DDT hmanga vahlo tam zawka thar theih a lo ni ta hi a ni.

Mei zuk hian a zutu hriselna a tichhia chauh ni lovin a bul hnaia awmte hriselna pawh a tichhe thei tih hmuhchhuah a ni. Miin zial 10 a zuk chuan a bul a miin mei khu a lo hip iuh chu zial 3 zuk nen a intluk a ni. Mei zuk vanga thil pawi leh hrisel lohna thleng hmun 10 a \hena hmun 1 hi a zu ve loten an tuar zel a ni. Chenpuite zinga mei zu an awm avangin nausen leh naupang awmna (pneumonia) hi a letin an vei zing bik a ni. Heng avang hian 'I mei zuk hi ka hriselnain a tuar' tih hi mei zu lote au hla thar a ni ta.

Mei zukin kan taksa peng hrang hrang a tihchhiat dan:

Chuap: Mei zuk hian chuap a tibal a, taksa sipaiten paih fai zel lo se chu kum khatah vahlo >k (tar) litre 1 vel a tling thei ang. Paihfa hna hi hawkna

dawta thil te tak t>t>, 'cilia' an tih hian an thawk a, heng bakah 'khuh' in thenfai tum a ni \hin. Chuap a lo balh chuan khuh benvawn, damdawi pawha enkawl sawt thei lo 'Smoker's cough' an tih chu an lo vei \hin. Chuap cancer 100 zela 95 te chu mei heh tak vek an ni.

Lung: Lungphu a tirang thei a, lung \ha lo leh heart attack zat vei hi mei zuk vanga awm a ni. Thisen zam a tisawng te thei a, hei hian BP sang (hypertension) a awm tir a, fu-ke hmawr rawp ro te a thlen thei. Thisen sang hian pangkhing zenna (stroke) a siam thei.

Pumpui : Vaihlo a t<r awm (nicotine) hian pumpuia thura tihchhuah hnem avang leh thur tidal thei tihchhuahna a tihtawp theih avangin pumpui na a siam

emaw, a tizual thei \hin. Meizuk thlah si lova pumpuina inentir \hin chu a sawt har hle.

Hmeichhia bikah: Naupai tan pum chhunga naute \han a ti \hu thei a, meizu fa chu pum chhung a\angin an sawngnawi nghal thei. Nauchhiat, thla kim lova nau neih, nau zang tak neih leh naute thla khat hnuai lam thihnate hi mei zu zingah a letin a zing bik a, a chhan chu boruak thianghlim (oxygen) aiah t<r khu (carbon dioxide & carbon monoxide) a naute an ur \hin vang a ni.

Vun (skin): Vun a tizur hma a, mi a tilang upa hma \hin, hei hi oxygen inpek \hat tawk loh vang a ni.

Mit (eye): Khawhmuh a tifiah lo va, meizuk vanga mit fiah lo leh mitdel hi a thleng thei.

Thluak: Mahni tawkah meizuk hian ngaihtuahna a tichak lo \hin.

Sahdah, tobacco leh tuibur te pawh a t<r avanga hman leh hmuam vek an ni. A rim hrim hrim ngainat vangte chu ni sela chuan, a awrha

awrhte pawh duhtawk mai awm tak a ni.

Kuhva: Kum 60 hma lama kan chin meuh loh, tun laia kan chin lar tak chu Kuhva ei hi a ni. | halaiho zingah phei chuan kuhva ei lo chu mi danglam, pa rualpawl lo deuhah kan ngai hial awm e. Kuhva hi a tui vang emaw, a \hat vang emawa ei a ni lo va, t<r a neih avangin mi in an ei dawklakin an thlah thei lo \hin a ni zawk.

| henkhatte chu kuhva bawia an luh chian tawh em avangin darkar hnih khat lek pawh ei lovin awm harsa an ti a, hunserh emaw, inkawm rei deuh emaw te hi an ngaithei lo \an zawng a nih hi. Kuhva ei a\ang hian \hatna kan taksain a chhar chhuak lova, ka chhung cancer a awm tir thei a, hei hi a ei lo aiin a let 4-in a tam a ni. Ka chhung bakah hrawk, chaw kalkawng, pumpui leh thawkna dawt cancer a tichhuak thei a ni. Pumpui na a tichhuakin a tizual thei bawk a, pumpui insawisel tan chuan kuhva nghei nghal a \ha a ni. Hriselna a tihchhiat bakah rilru

ngaihtuahna a tipeng a, sum tam tak kan sen phah bawk a ni.

Khaini: Khaini pawh hi Mizovin kan thil chin than pakhat a ni leh a. India ram Vai hnam hniamte thil chin, puithu takin kan lo uarpui ni berin a lang. Ram changkang leh hnam changkang zingah Khaini hmuam hmuh tur an vang hle. Khaini pawh hi a t<r avanga hmuam dawklak a ni. T<r awm lo tlangsam hnah ro nuai dipte chu tumahin an hmuam reng duh lo.

A t<r vang ni lova thil hmuam hrim hrim hi mawi ti leh thlahlel ni ila marble te hi hmuam mai zawk awm, a tloin a sengso lo hle awm si a!

Khaini t<r thawhchak dan i hriat duh chuan khaini fun tihhnawnin vangvat dep la, a thi khawng nghal thei an ti. Mihringen kan chhiatpui nghal mai lohna chu, kan taksa len ang hu-a kan hmuam tlem vang a ni. Chu bakah kan taksa sipaiten he t<r hi nasa takin an do va, an lo tidal hram hram \hin a ni.

Nau chhiatna thlentu a ni em ? Ramdanga doctor-te la
