COVID-19 CHUNGCHANGA HRIATTUR PAWIMAWHTE

Coronavirus leh COVID-19 chu enge ni?

Coronavirus chu natna hrik chikhat, virus an tih zinga mi a ni a. Coronavirus hi chi hrang hrang awmin natna hrang hrang mihringah leh ranah a thlen thei a, natna a thlen kan hriat larte chu Middle East Respiratory Syndrome (MERS), Severe Acute Respiratory Syndrome (SARS) leh tuna COVID-19 kan tih te hi an ni. COVID-19 chu coronavirus zinga hmuhchhuah thar ber niin, December 2019 a Wuhun, China ah hmuh hmasak ber a ni.

COVID-19 veite engtinngé an insawisel (symptoms)?

COVID-19 veite insawiselna ber chu khawsik leh khuh ro a ni. Thenkhat chuan taksa na them thum, hnarping, hnnap tui, hrawk thip, kawthalo an nei bawk. Hengte hi a nasa lo tlangpui. Kai tam takin insawiselna an nei lo. A kai zinga 80% lai chu tha takin an dam leh mai a, a kai 6 zela 1 erawh chu an na zual (serious) bik a, thawhah an nei thin. La na deuh bik an awm a, chungte chu – kum upa lamte, natna dang veisa e.g, BP sang, zunthlum, Cancer, lungna vei sa te. Khawsik, khuh leh thawhah nei kawp chuan rang takin damdawi in an pan tur a ni.

COVID-19 hi engtianga inkaichhawn nge a nih?

COVID-19 hi a inkaichhawnna chu mihring dang a veite atangin a ni. A natna veite'n an khuh/hahchhiau/ thawk chhuahin tuihu hlawm te reuhte (droplet) hnarchhung leh ka chhung atangin a chhuak a, chutah chuan a natna hrik a lo tel a, chu chu mihringah emaw bungrua/bang/chhuat/kawngkhar etc ah a tla a, hetah hian darkar 2 atanga ni 2/3 a dam thei a ni. Chung chu kan kutin kan khawih hnuah kan hmai, hnarping, ka (mouth),

leh mit vel kan khawih leh a, kan kai ta thin a ni. Chuvangin kut lawng a thil khawih mai loh te, inchibai loh te, hmai, mit, hnar vel kuta khawih lohte a pawimawh. Hei bakah khuh leh hahchhiau a tuihu leng chhuak kha kan lo hip luh chuan kan kai thei bawk a, hemi avang hian damlo atanga 3 feet tala hlaa awm a pawimawh (social distancing). Boruakah 3 ft (1 metre) aia thui chu a thlawnk darh chum chum lem lo a nih chu. COVID-19 hi insawiselna nei lo, a hrik lo pai ru reng si (COVID-19 kai insawisel lo) atangin kaichhawn chu a har deuh nain khuh an neih chuan an khuh atangin a kai ve theih tho a ni.

COVID-19 kai loh nan/ inkaichhawn loh nan engte nge ka tih ve theih? -

1. Kut sil ngun - Sahbawn nen fai tak a kutsil thin (Kutsil dan dik a awm a, chu chu internet ah awlsamte a hmuh theihin a awm. Hei hi nasa takin inzirtirna nei thei ila). Kutsil remchan lohnaah Hand sanitiser bur tê pai a a khat tawk a kut tihfai thin pawh a tha. Sawi tawh angin kutin mi khawihhnu kan khawih nasa em em a, kan hmai vel kan khawih leh a, hei hi a inkaina bulpui ber pakhat a ni.
2. Hmai - mit, hnar, ka, beng chhung kut lawnga khawih loh. Khawih ngei a ngaih chuan, rawmawlin emaw thawmhnav fai lai, thil dek vak lo lai hmanga deh/hiah thin.
3. Khuh/hritlang vei bulhnaiah awm lo ila, kan inkaran 3 feet (1 metre) tal a awm tur a ni (Social distancing).
4. Kan zavaiin, khuh vei leh vei lote pawhin 'Khuh dan tha/ Khuh dan dik (Cough etiquette)' kan zawm that a ngai. Chu chu kan khuh/hahchhiau reng rengin a lawngin emaw kutbawra ka hupin emaw kan khuh tur a ni lova, rawmawlin

emaw tissue paper in emaw kan ka kan hup tur a ni, chutiang kan keng lo a nih pawhin kan ban kual thlep lai, kiu chhunglamin ka hupin kan khuh/hahchhiau tur a ni. Duhthusam chuan tissue paper pai nual ila, kan khuh/hahchhiau zawh veleh hman nawn theih lohvin bawlhhawh bawmah pah ngal zel ila.

5. Hritlang leh khing insawiselna kan neih chuan leng chhuak lovin in lamah tawm ila, mi zingah midang kaidarh thei turin awm suh.
6. Kuta Inchibai te, inkuah leh infawh ang chi te hi tih rih lo mai a tha. Khawi ilo kan kal velna hmunah a thil khawih tlem thei ang ber a kan kut kan ven a tha.
7. Pawn kan chhuahin Hmai tuamna hman thin tur a ni. Hmai tuamna Facemask hi Damdawiin a thawktute leh Damlo enkawltu ten an hman thin ang Medical mask hman ve kher tum loh tur. Mipui vantlangte chuan mahni a siamchawp emaw, remchang kan tih ang ang, rawmawl a ni emaw hman hi a tawk em em a ni.
8. COVID-19 lenna hmun atanga ilo haw anih chuan engmah insawiselna nei lo pawh, ni 14 mahni inah emaw thuneituten Quarantine facility a awm ngaite an dahna hmunah emaw awm hran tur a ni. Hei hian midangte kan chhungte emaw COVID-19 laka anlo him theih nan leh a darh zel tur a veng a ni.

Inringhlel ta ila, engtia tih tur nge?

COVID-19 vei nia kan inrinhlelh chuan direct a doctor or hospital pan hmasa mai lovin a hnuia Mizoram Health Department in phone number a dahah hian phone hmasak tur a ni. Tin, COVID-19 kaihhnawih reng reng hrechiang duh

te pawhin heng number ah te hian engtiklai pawhin zawhfiah theih reng a ni. No. 102(Tollfree) ah emaw 0389-2323336/2318336 ah te.

COVID-19 chungchangah hriat duh nei ta ila, tunge ka zawh ang?

Coronavirus chungchangah thubelhchian dawl lo internet leh social media ah a tam thin em em a; heng hian mite a ti chiai a, harsatna tam tak a siam thei. Hetianga thil diklo thehdarh hi dan anga hrem theih an ni. Thil i hrechiang duh a nih chuan Health Department thuchhuah atangte, Helpline atangte, internet WHO website www.who.int leh <https://www.mohfw.gov.in> atangte in a hriat chian theih ang.

Mask (Hmaikawr) vuah kher hi a ngai em?

COVID-19 hi natna thar a nih avangin a invenna leh inenkawlna chungchangah zirchianna thar a awm zel a. Centre for Disease Control, (CDC) USA chuan mi zawng zawng tan Facemask hman hi COVID-19 laka him theihna tur leh hriselna atan a pawimawh a ni tiin a sawi a. Tin, zirchianna tam takah COVID-19 leh natna dang tam tak lakah Facemask hian a veng thei tihchian a ni bawk.

Mask hman chuan a hman dan tur dik taka hman loh chuan awmzia a nei lo thin. Mask kan vuah a nih chuan kutlawnga khawih loh te, vuah leh khawih dawna fai taka kutsil thin te, mask leh kan hmai inkarah boruak luh theih loh te, mask phelh dawna hnunqlama a suihna atang chauha phelh thin te, disposable mask chu a pahna tur dik taka pahng nhal te a pawimawh hle. Vuah dan dik taka kan vuah chuan natna dang laka invenna atan pawh engemaw chen chu tha tur a ngaih a ni. Mask hi mipui vantlang ah chuan Medical mi ten damlo an enkawlna hmun a an hman ang kher hi hman ve kher a tul

hran lo, In lamah duh ang tawk a tha siam chawp mai hman hi a tha in khawlai kan chhuah vahna a hman atan chuan a tha tawk em em a ni.

Hriat tur dangte:

- COVID-19 avangin chiai lo ila, fimkhur erawh chu i fimkhur ang u.
- Ngaihdan atthlak te, puithuna atthlak te kalsanin thil chinchang uluk takin zir zel ila.
- Hmundang atanga zin haw khunghran (quarantine) te hi natna vei an ni lova, fimkhur thilthu ah ni 14 vel (natna lan chhuah theih hun chhung) khung hran mai an ni.
- Hetia ni 14 dahhran/awmhran tir an nihna chhan chu hemi chhung hian insawiselna nei lovin a hrik hi an lo pai ru reng thei a, hre lovin mite an kaidarh thei a ni. Chuvangin dahhrante chuan an zawm ngei tur a ni.
- Khawtlang, Health department, police leh department hrang hrangte, NGO te, kan zavaia kan tanho a ngai hle.
- COVID-19 hluar chin tur hi a hriat rih lo va, hemi hun chhung chuan hengte hi a pawimawh : Kutsil ngun, hmai khawih loh, puipunna huaihawt loh, zin rih loh (a bikin COVID-19 kai tawh awmna state ah leh ramdangah), puipunna a tel tlem, mitinin khuh leh hahchhiau dan dik zawm a chilchhak mai mai loh.

COVID-19 chungchanga ngaihdan dik lote : Hengte hi a dik lo-

1. Thosi seh atangin a kai theih.
2. Tuisa deuha inbualin a ven theih.
3. Zu in hian a veng thei.
4. Chlorine emaw alcohol emaw a taksa inphuhtirin a natna hrik a that thei.

COVID-19 HRILEN LAIA THISEN PEK DAN KAL PHUNG

State Blood Transfusion Council, Mizoram.

Kan hriat theuh angin Covid-19 hrileng chuan khawvel a tuam mek a, hriselna lama thawktute pawh a tiluhai hle a ni. He natna hrik hi virus thar kan la hmelhriat ngailoh Coronavirus (CoV) family niin SARS-CoV-2 an ti bawk.

He natna Covid-19 hi thisen pek atanga in kai theih tih finfiahna a la awm lova, he virus family zinga mi thawkna lam khawih natna dang SARS leh MERS-CoV tepawh hi thisen dawn atanga kai theihloh anga ngaih a lo ni tawh thin a.
